WARNING, LIMITED BENEFITS WILL BE PAID WHEN NON-PARTICIPATING PROVIDERS ARE USED

You should be aware that when you elect to utilize the services of a Non-Participating Provider for a Covered Service in non-emergency situations, benefit payments to such Non-Participating Provider are not based upon the amount billed. The basis of your benefit payment will be determined according to your policy's fee schedule, usual and customary charge (which is determined by comparing charges for similar services adjusted to the geographical area where the services are performed), or other method as defined by the plan. YOU CAN EXPECT TO PAY MORE THAN THE COINSURANCE AMOUNT DEFINED UNDER THIS COVERAGE AFTER THE PLAN HAS PAID ITS REQUIRED PORTION. Non-Participating Providers may bill members for any amount up to the billed charge after the plan has paid its portion of the bill. Participating Providers have agreed to accept discounted payments for services with no additional billing to the member other than Coinsurance and deductible amounts. You may obtain further information about the participating status of professional providers and information on out-of-pocket expenses by calling the toll free telephone number on your identification card.

MEDICARE ELIGIBLE COVERED PERSONS

If you meet the definition of an Eligible Person stated in the ELIGIBILITY Section above and you are eligible for Medicare and not affected by the "Medicare Secondary Payer" (MSP) laws as described below, the benefits described in the section of this benefit booklet entitled "Benefits for Medicare Eligible Covered Persons" will apply to you and to your spouse and covered dependent children (if he or she is also eligible for Medicare and not affected by the MSP laws). This section does not apply to a party of a Civil Union with the Eligible Person and their children. This section does not apply to a Domestic Partner of the Eligible Person and their children.

A series of federal laws collectively referred to as the "Medicare Secondary Payer" (MSP) laws regulate the manner in which certain employers may offer group health care coverage to Medicare eligible employees, spouses, and in some cases, dependent children.

The statutory requirements and rules for MSP coverage vary depending on the basis for Medicare and employer group health plan ("GHP") coverage, as well as certain other factors, including the size of the employers sponsoring the GHP. In general, Medicare pays secondary to the following:

1. GHPs that cover individuals with end-stage renal disease ("ESRD") during the first 30 months of Medicare eligibility or entitlement. This is the case regardless of the number of employees employed by the employer or whether the individual has "current employment status."
2. In the case of individuals age 65 or over, GHPs of employers that employ 20 or more employees if that individual or the individual's spouse (of any age) has "current employment status." If the GHP is a multi-employer or multiple employer plan, which has at least one participating employer that employs 20 or more employees, the MSP rules apply even with respect to employers of fewer than 20 employees (unless the plan elects the small employer exception under the statute).
3. In the case of disabled individuals under age 65, GHPs of employers that employ 100 or more employees, if the individual or a member of the individual's family has "current employee status." If the GHP is a

multi-employer or multiple employer plan, which has at least one participating employer that employs 100 or more employees, the MSP rules apply even with respect to employers of fewer than 100 employees.

PLEASE NOTE: SEE YOUR EMPLOYER OR GROUP ADMINISTRATOR SHOULD YOU HAVE ANY QUESTIONS REGARDING THE ESRD PRIMARY PERIOD OR OTHER PROVISIONS OF MSP LAWS AND THEIR APPLICATION TO YOU, YOUR SPOUSE OR ANY DEPENDENTS.

YOUR MSP RESPONSIBILITIES

In order to assist your employer in complying with MSP laws, it is very important that you promptly and accurately complete any requests for information from the Claim Administrator and/or your employer regarding the Medicare eligibility of you, your spouse and covered dependent children. In addition, if you, your spouse or covered dependent child becomes eligible for Medicare, or has Medicare eligibility terminated or changed, please contact your employer or your group administrator promptly to ensure that your Claims are processed in accordance with applicable MSP laws.

If you have Individual Coverage, only your own expenses for Covered Services are covered, not the expenses of other members of your family.

FAMILY COVERAGE

Child(ren) used hereafter, means a natural child(ren), a stepchild(ren), an adopted child(ren), a child(ren) for whom you have received a court order requiring that you are financially responsible for providing coverage under 26 years of age, a child(ren) who is in your custody under an interim court order of adoption or who is placed with you for adoption vesting temporary care.

If you have Family Coverage, your health expenses for Covered Services and those of your enrolled spouse and your (or your spouse's) enrolled children up to age 26 will be covered. All of the provisions of this benefit booklet that pertain to a spouse also apply to a party of a Civil Union unless specifically noted otherwise. The coverage for children will end on the last day of the month in which the limiting age is reached.

Your enrolled Domestic Partner and his or her enrolled children who have not attained the limiting age stated above will be covered. Whenever the term "spouse" is used, we also mean Domestic Partner. All of the provisions of this benefit booklet that pertain to a spouse also apply to a Domestic Partner, unless specifically noted otherwise.

Any newborn children will be covered from the moment of birth. Please notify your Group Administrator within 31 days of the date of birth so that your membership records can be adjusted.

Any children who are incapable of self-sustaining employment and are dependent upon you or other care providers for lifetime care and supervision because of a disabling condition occurring prior to reaching the limiting age will be covered regardless of age if they were covered prior to reaching the limiting age stated above.

Any children who are under your legal guardianship or who are in your custody under an interim court order of adoption or who are placed with you for adoption vesting temporary care will be covered.

This coverage does not include benefits for grandchildren (unless such children are under your legal guardianship) or foster children.

CHANGING FROM INDIVIDUAL TO FAMILY COVERAGE OR ADDING DEPENDENTS TO FAMILY COVERAGE

You can change from Individual to Family Coverage or add dependents to your Family Coverage because of any of the following events:

- Marriage.
- Establishment of a Domestic Partnership.
- Becoming party to a Civil Union.
- Birth, adoption or placement for adoption of a child.
- Obtaining legal guardianship of a child.
- Loss of eligibility for other health coverage for you or your dependent if:

  a. The other coverage was in effect when you were first eligible to enroll for this coverage;

  b. The other coverage is not terminating for cause (such as failure to pay premiums or making a fraudulent claim); and

  c. Where required, you stated in writing that coverage under another group health plan or other health insurance coverage was the reason for declining enrollment in this coverage.

  This includes, but is not limited to, loss of coverage due to:

  a. Legal separation, divorce, dissolution from a Civil Union, cessation of dependent status, death of an employee, termination of employment, or reduction in the number of hours of employment;

  b. In the case of HMO, coverage is no longer provided because an individual no longer resides in the service area or the HMO no longer offers coverage in the HMO service area in which the individual resides;

  c. Reaching a lifetime limit on all benefits in another group health plan;

d. Another group health plan no longer offering any benefits to the class of similarly situated individuals that includes you or your dependent;

e. When Medicaid or Children's Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or

f. When you or your dependents become eligible for a premium assistance subsidy under Medicaid or CHIP.

- Termination of employer contributions towards your or your dependent's other coverage.
- Exhaustion of COBRA continuation coverage or state continuation coverage.

When Coverage Begins

Your Family Coverage or the coverage for your additional dependents will be effective from the date of the event if you apply for this change within 31 days of any of the following events:

- Marriage.
- Establishment of a Domestic Partnership.
- Becoming party to a Civil Union.
- Birth, adoption, or placement of adoption of a child.
- Obtaining legal guardianship of a child.

Your Family Coverage or the coverage for your additional dependents will be effective from the date you apply for coverage if you apply within 31 days of any of the following events:

- Loss of eligibility for other coverage for you or your dependent, except for loss of coverage due to reaching a lifetime limit on all benefits.
- Termination of employer contributions towards your or your dependent's other coverage.
- Exhaustion of COBRA continuation coverage or state continuation coverage.

If coverage is lost in another group health plan because a lifetime limit on all benefits is reached under that coverage and you apply for Family Coverage or to add dependents within 31 days after a claim is denied due to reaching the lifetime limit, your Family Coverage or the coverage for your additional dependents will be effective from the date your claim was denied.

Your Family Coverage or the coverage for your additional dependents will be effective from the date of the event if you apply for this change within 60 days of any of the following events:

- Loss of eligibility for you or your dependents when Medicaid or CHIP coverage is terminated as a result of loss of eligibility; or

- You or your dependents become eligible for a premium assistance subsidy under Medicaid or CHIP.

You must request this special enrollment within 60 days of the loss of Medicaid or CHIP coverage, or within 60 days of when eligibility for premium assistance under Medicaid or CHIP is determined. Coverage will be effective no later than the first of the month after the special enrollment request is received.

CHANGING FROM FAMILY TO INDIVIDUAL COVERAGE

Should you wish to change from Family to Individual Coverage, you may do this after a qualifying event. Your Group Administrator will provide you with the application and tell you the date that the change will be effective.

TERMINATION OF COVERAGE

You will no longer be entitled to the benefits described in this benefit booklet if either of the events stated below should occur.

1. If you no longer meet the previously stated description of an Eligible Person.
2. If the entire coverage of your Employer terminates.

Further, termination of the agreement between the Claim Administrator and the Employer automatically terminates your coverage as described in this benefit booklet. It is the responsibility of the Employer to notify you in the event the agreement is terminated with the Claim Administrator. Regardless of whether such notice is provided, your coverage will terminate as of the effective date of termination of the Employer's agreement with the Claim Administrator.

No benefits are available to you for services or supplies rendered after the date of termination of your coverage under the Health Care Plan described in this benefit booklet except as otherwise specifically stated in the "Extension of Benefits in Case of Termination" provisions of this benefit booklet. However, termination of the Employer agreement with the Claim Administrator and/or termination of your coverage under the Health Care Plan shall not affect any Claim for Covered Services rendered prior to the effective date of such termination.

Unless specifically mentioned elsewhere in this benefit booklet, if one of your dependents becomes ineligible, his or her coverage will end as of the date the event occurs which makes him or her ineligible.

Other options available for Continuation of Coverage are explained in the COBRA Section of this benefit booklet.

UTILIZATION REVIEW PROGRAM

The Claim Administrator has established the Utilization Review Program to assist you in determining the course of treatment that will maximize your benefits under this Health Care Plan. The Utilization Review Program requires a review of the following Covered Services **before** such services are rendered:

- Inpatient Hospital services
- Skilled Nursing Facility services
- Services received in a Coordinated Home Care Program
- Private Duty Nursing Services

You are responsible for satisfying Preadmission/Admission Review requirements. This means that you must ensure that you, your family member, or Provider of services must comply with the guidelines below. The toll-free telephone number for Preadmission/Admission Review is on your ID card. Please read the provisions below very carefully.

PREADMISSION REVIEW

- **Inpatient Hospital Preadmission Review**

  Preadmission review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

  Whenever a nonemergency or nonmaternity Inpatient Hospital admission is recommended by your Physician, you must call the Claim Administrator's medical pre-notification number. This call must be made at least one business day prior to the Hospital admission.

  If the proposed Hospital admission or health care services are determined to be not Medically Necessary, some days, services or the entire hospitalization will be denied. The Hospital and your Physician will be advised verbally of this determination, with a follow-up notification letter sent to you, your Physician and the Hospital. These letters may not be received prior to your scheduled date of admission.

- **Emergency Admission Review**

  Emergency admission review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

  In the event of an emergency admission, you or someone who calls on your behalf must notify the Claim Administrator no later than two business days or as soon as reasonably possible after the admission has occurred.

- **Pregnancy/Maternity Admission Review**

  Pregnancy/Maternity admission review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations and exclusions of this Health Care Plan.

  In the event of a maternity admission, you or someone who calls on your behalf must notify the Claim Administrator no later than two business days after the admission has occurred.

  Even though you are not required to call the Claim Administrator prior to your maternity admission, if you call the medical pre-notification number as soon as you find out you are pregnant, the Claim Administrator will provide you information on support programs to assist you during pregnancy.

- **Skilled Nursing Facility Preadmission Review**

  Skilled Nursing Facility preadmission review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

  Whenever an admission to a Skilled Nursing Facility is recommended by your Physician, you must call the Claim Administrator's medical pre-notification number. This call must be made at least one business day prior to the scheduling of the admission.

- **Coordinated Home Care Program Preadmission Review**

  Coordinated Home Care Program preadmission review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

  Whenever an admission to a Coordinated Home Care Program is recommended by your Physician, you must call the Claim Administrator's medical pre-notification number. This call must be made at least one business day prior to the scheduling of the admission.

- **Private Duty Nursing Service Review**

  Private Duty Nursing Service review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

  Whenever Private Duty Nursing Service is recommended by your Physician, you must call the Claim Administrator's medical pre-notification number. This call must be made at least one business day prior to receiving services.

CASE MANAGEMENT

Case management is a collaborative process that assists you with the coordination of complex care services. A Claim Administrator case manager is available to you as an advocate for cost-effective interventions.

Case managers are also available to you to provide assistance when you need alternative benefits. Alternative benefits will be provided only so long as the Claim Administrator determines that the alternative services are Medically Necessary and cost-effective. The total maximum payment for alternative services shall not exceed the total benefits for which you would otherwise be entitled under the Health Care Plan.

Provision of alternative benefits in one instance shall not result in an obligation to provide the same or similar benefits in any other instance. In addition, the provision of alternative benefits shall not be construed as a waiver of any of the terms, conditions, limitations, and exclusions of the Health Care Plan.

LENGTH OF STAY/SERVICE REVIEW

Length of stay/service review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

Upon completion of the preadmission or emergency review, the Claim Administrator will send a letter to your Physician and/or the Hospital confirming that you or your representative called the Claim Administrator and that an approved length of service or length of stay was assigned.

An extension of the length of stay/service will be based solely on whether continued Inpatient care or other health care service is Medically Necessary. In the event that the extension is determined not to be Medically Necessary, the authorization will not be extended. Additional notification will be provided to your Physician and/or the Hospital regarding the denial of payment for the extension.

MEDICALLY NECESSARY DETERMINATION

The decision that Inpatient care or other health care services or supplies are not Medically Necessary will be determined by the Claim Administrator. The Claim Administrator will provide notification of a decision to not authorize payment for Inpatient care or other health care services or supplies to you, your Physician, and/or the Hospital or other Provider. The notification will specify the dates, services and/or supplies that are not considered Covered Services. For further details regarding Medically Necessary care and other exclusions from coverage, see the EXCLUSIONS—WHAT IS NOT COVERED section in this benefit booklet.

The Claim Administrator does not determine your course of treatment or whether you receive particular health care services. Decisions regarding the course of treatment and receipt of particular health care services are a matter entirely between you and your Physician. The Claim Administrator's determination of Medically Necessary care is limited to merely

whether a proposed admission, continued hospitalization or other health care service is a Covered Service under the Health Care Plan.

In the event that the Claim Administrator determines that all or any portion of an Inpatient hospitalization or other health care service is not Medically Necessary, the Claim Administrator will not be responsible for any related Hospital or other health care service charge incurred.

Remember that the Claim Administrator's Health Care Plan does not cover the cost of hospitalization or any health care services and supplies that are not determined to be Medically Necessary. The fact that your Physician or another health care Provider may prescribe, order, recommend or approve a Hospital stay or other health care service or supply does not of itself make such hospitalization, service or supply Medically Necessary. Even if your Physician prescribes, orders, recommends, approves, or views hospitalization or other health care services or supplies as medically necessary, the Claim Administrator will not pay for the hospitalization, services or supplies unless the Claim Administrator determines it to be Medically Necessary and a Covered Service under the Health Care Plan.

NOTE: Keep in mind that a Medically Necessary determination does not guarantee that benefits are available. For example, it might be determined that a service is Medically Necessary, however, the Health Care Plan may limit or exclude that service. In that case, the Medically Necessary determination does not override the benefit provision in the benefit booklet.

UTILIZATION REVIEW PROCEDURE

The following information is required when you contact the Claim Administrator:

1. The name of the attending and/or admitting Physician;
2. The name of the Hospital where the admission has been scheduled and/or the location where the service has been scheduled;

should call the Claim Administrator's customer service number on your identification card. Your Physician should use the contact information in the notification letter.

In some instances, the resolution of the appeal process will not be completed until your admission or service has occurred and/or your assigned length of stay/service has elapsed. However, the Claim Administrator has established the Utilization Review Program for the specific purpose of assisting you in determining the course of treatment which will maximize your benefits provided under this benefit booklet.

MEDICARE ELIGIBLE MEMBERS

The provisions of the CLAIM ADMINISTRATOR'S MENTAL HEALTH UNIT section do not apply to you if you are Medicare Eligible and have secondary coverage provided under the Health Care Plan.

THE PARTICIPATING PROVIDER OPTION

Your Employer has chosen the Claim Administrator's "Participating Provider Option" for the administration of your Hospital and Physician benefits. The Participating Provider Option is a program of health care benefits designed to provide you with economic incentives for using designated Providers of health care services.

As a participant in the Participating Provider Option a directory of Participating Providers is available to you. You can visit the Blue Cross and Blue Shield of Illinois Web site at *www.bcbsil.com* for a list of Participating Providers. While there may be changes in the directory from time to time, selection of Participating Providers by the Claim Administrator will continue to be based upon the range of services, geographic location and cost-effectiveness of care. Notice of changes in the network will be provided to your Employer annually, or as required, to allow you to make selection within the network. However, you are urged to check with your Provider before undergoing treatment to make certain of its participation status. Although you can go to the Hospital or Professional Provider of your choice, benefits under the Participating Provider Option will be greater when you use the services of a Participating Provider.

Before reading the description of your benefits, you should understand the terms "Benefit Period" and "Deductible" as defined below.

YOUR BENEFIT PERIOD

Your benefit period is a period of one year which begins on January 1st of each year. When you first enroll under this coverage, your first benefit period begins on your Coverage Date, and ends on the first December 31st following that date.

YOUR DEDUCTIBLE

Each benefit period you must satisfy a $1,250 deductible for Covered Services rendered by Participating Provider(s) and a separate $2,500 deductible for Covered Services rendered by Non-Participating Provider(s) or Non-Administrator Provider(s). In other words, after you have claims for Covered Services for more than the deductible amount in a benefit period, your benefits will begin. This deductible will be referred to as the program deductible.

FAMILY DEDUCTIBLE

If you have Family Coverage and your family has reached the program deductible amount of $2,500 for Covered Services rendered by Participating Provider(s) and a separate $5,000 program deductible for Covered Services rendered by Non-Participating Provider(s) or Non-Administrator Provider(s), it will not be necessary for anyone else in your family to meet the program deductible in that benefit period. That is, for the remainder of that benefit period only, no other family member(s) is required to meet the program deductible before receiving benefits. A family member may not apply more than the individual program deductible amount toward the family program deductible.

In any case, should two or more members of your family ever receive Covered Services as a result of injuries received in the same accident, only one program deductible will be applied against those Covered Services.

The people who were Eligible Persons at the time the Health Care Plan became effective are entitled to a special credit toward your Participating Provider program deductible for the first benefit period. This special credit applies to eligible expenses incurred for Covered Services within the prior contract's benefit period, if not completed. Such expenses can be applied toward the Participating Provider program deductible for the first benefit period under this Health Care Plan. However, this is only true if your Health Care Plan had "major medical" type coverage immediately prior to purchasing this coverage.

HOSPITAL BENEFIT SECTION

Expenses for Hospital care are usually the biggest of all health care costs. Your Hospital benefits will help ease the financial burden of these expensive services. This section of your benefit booklet tells you what Hospital services are covered and how much will be paid for each of these services.

The benefits of this section are subject to all of the terms and conditions described in this benefit booklet. Please refer to the DEFINITIONS, ELIGIBILITY and EXCLUSIONS sections of this benefit booklet for additional information regarding any limitations and/or special conditions pertaining to your benefits.

In addition, the benefits described in this section will be provided only when you receive services on or after your Coverage Date and they are rendered upon the direction or under the direct care of your Physician. Such services must be Medically Necessary and regularly included in the Provider's charges.

The level of benefits paid for Hospital Covered Services is generally greater when received in an Administrator Hospital or other Administrator facility.

Remember, whenever the term "you" or "your" is used, we also mean all eligible family members who are covered under Family Coverage.

INPATIENT CARE

The following are Covered Services when you receive them as an Inpatient in a Hospital.

Inpatient Covered Services

1. Bed, board and general nursing care when you are in:
   - — a semi-private room
   - — a private room
   - — an intensive care unit
2. Ancillary services (such as operating rooms, drugs, surgical dressings and lab work)

Preadmission Testing

Benefits are provided for preoperative tests given to you as an Outpatient to prepare you for Surgery which you are scheduled to have as an Inpatient, provided that benefits would have been available to you had you received these tests as an Inpatient in a Hospital. Benefits will not be provided if you cancel or postpone the Surgery.

These tests are considered part of your Inpatient Hospital surgical stay.

Partial Hospitalization Treatment

Benefits are available for this program only if it is an Administrator Program. No benefits will be provided for services rendered in a Partial Hospitalization Treatment Program which has not been approved by the Claim Administrator.

Coordinated Home Care

Benefits will be provided for services under a Coordinated Home Care Program.

You are entitled to benefits for 100 visits in a Coordinated Home Care Program per benefit period.

BENEFIT PAYMENT FOR INPATIENT HOSPITAL COVERED SERVICES

Participating Provider

When you receive Inpatient Covered Services from a Participating Provider or in an Administrator Program of a Participating Provider, benefits will be provided at 80% of the Eligible Charge after you have met your program deductible, unless otherwise specified in this benefit booklet. If you are in a private room, benefits will be limited by the Hospital's rate for its most common type of room with two or more beds.

Non-Participating Provider

When you receive Inpatient Covered Services from a Non-Participating Provider or in an Administrator Program of a Non-Participating Provider, benefits will be provided at 50% of the Eligible Charge, after you have met your program deductible. If you are in a private room, benefits will be limited by the Hospital's rate for its most common type of room with two or more beds.

Non-Administrator Provider

ABOUT YOUR BENEFITS

Drug List

The Covered Drugs listed on the Drug List are selected by the Claim Administrator based upon the recommendations of a committee, which is made up of current and previously practicing physicians and pharmacists from across the country, some of whom are employed by or affiliated with the Claim Administrator. The committee considers drugs regulated by the FDA for inclusion on the Drug List. As part of the process, the committee reviews data from clinical studies, published literature and opinions from experts who are not part of the committee. Some of the factors committee members evaluate include each drug's safety, effectiveness, cost and how it compares with drugs currently on the Drug List.

The committee considers drugs that are newly approved by the FDA, as well as those that have been on the market for some time. Entire drug classes are also regularly reviewed. Changes to this list can be made from time to time.

The Drug List and any modifications will be made available to you. The Claim Administrator may offer multiple Drug Lists. By accessing the Claim Administrator's website at *www.bcbsil.com* or calling the customer service toll-free number on your identification card, you will be able to determine the Drug List that applies to you and whether a particular drug is on the Drug List. Drugs that do not appear on the Drug List are subject to the Non-Preferred Brand Name Drug payment level plus any pricing differences that may apply to the Covered Drug you receive.

Prior Authorization/Step Therapy Requirement

Prior Authorization (PA): Your benefit program requires prior authorization for certain drugs. This means that your doctor will need to submit a prior authorization request for coverage of these medications and the request will need to be approved before the medication will be covered under the plan. You and your Physician will be notified of the prescription drug administrator's determination. If Medically Necessary criteria is not met, coverage will be denied and you will be responsible for the full charge incurred.

Step Therapy (ST): Your benefit program includes a step therapy program. This means you may need to try another proven, cost-effective medication before coverage may be available for the drug included in the program. Many brands have less-expensive generic or brand alternatives that might be an option for you.

To find out more about prior authorization/step therapy requirements or to determine which drugs or drug classes require prior authorization or step therapy, you should refer to the Drug List by accessing the Claim Administrator's website at *www.bcbsil.com* or call the customer service toll-free number on your identification card. Please refer to the Drug List provision of this section for more information about changes to these programs.

You, your prescribing health care Provider, or your authorized representative, can ask for an exception if your drug is not on (or is being removed from) the Drug List, if the drug requires prior authorization before it may be covered, or if the drug required as part of step therapy has been found to be (or likely to be) not right for you or does not work as well in treating your condition. To request this exception, you, your prescribing Provider, or your authorized representative, can call the number on the back of your identification card to ask for a review. The Claim Administrator will let you, your prescribing Provider, or authorized representative, know the coverage decision within 15 calendar days after they receive your request. If the coverage request is denied, the Claim Administrator will let you, your prescribing Provider, or authorized representative know why it was denied and offer you a covered alternative drug (if applicable). If your exception is denied, you may appeal the decision according to the appeals process you will receive with the denial determination.

If you have a health condition that may jeopardize your life, health or keep you from regaining function, or your current drug therapy uses a non-covered drug, you, your prescribing Provider, or your authorized representative, may be able to ask for an expedited review process. The Claim Administrator will let you, your prescribing Provider, or authorized representative know the coverage decision within 72 hours after they receive your request for an expedited review. If the coverage request is denied, the Claim Administrator will let you, your prescribing Provider, or authorized representative know why it was denied and offer you a covered alternative drug (if applicable). If your exception is denied, you may appeal the decision according to the appeals process you will receive with the denial determination. Call the number on the back of your identification card if you have any questions.

Dispensing Limits

Drug dispensing limits are designed to help encourage medication use as intended by the FDA. Coverage limits are placed on medications in certain drug categories. The Claim Administrator evaluates and updates dispensing limits quarterly.

If you require a prescription in excess of the dispensing limit established by the Claim Administrator, ask your Health Care Practitioner to submit a request for clinical review on your behalf. The request will be approved or denied after evaluation of the submitted clinical information. If Medically Necessary criteria is not met, you will be responsible for the full cost of the prescription beyond what your coverage allows.

Payment for benefits covered under this section may be denied if drugs are dispensed or delivered in a manner intended to change, or having the effect of changing or circumventing, the stated maximum quantity limitation.

To determine if a specific drug is subject to this limitation, you can refer to the Claim Administrator's website at *www.bcbsil.com* or call the customer service toll-free number on your identification card.

Day Supply

In order to be eligible for coverage under this benefit booklet, the prescribed day supply must be Medically Necessary and must not exceed the maximum day supply limitation described in this benefit booklet. Payment for benefits covered under this Benefit Section may be denied if drugs are dispensed or delivered in a manner intended to change, or having the effect of changing or circumventing, the stated maximum day supply limitation. Specialty Drugs are limited to a 30 day supply. For information on these drugs call the customer service toll–free number located on your identification card. However, early prescription refills of topical eye medication used to treat a chronic condition of the eye will be eligible for coverage after at least 75% of the predicted days of use and the early refills requested do not exceed the total number of refills prescribed by the prescribing Physician or Optometrist.

Controlled Substances Limitations

If it is determined that you may be receiving quantities of controlled substance medications not supported by FDA approved dosages or recognized safety or treatment guidelines, any coverage for additional drugs may be subject to review to assess whether Medically Necessary or appropriate and restricted to a certain Provider and/or Pharmacy and/or quantities for the prescribing and dispensing of the controlled substance medication.

COVERED SERVICES

Benefits for Medically Necessary Covered Drugs prescribed are available if the drug:

1. Has been approved by the FDA for the diagnosis and condition for which it was prescribed; or

2. Has been approved by the FDA for at least one indication; and
3. Is recognized by the following treatment of the indication for which the drug is prescribed to treat you for a chronic, disabling or life threatening illness.

Some drugs are manufactured under multiple names and have many therapeutic equivalents. In such cases, the Claim Administrator may limit benefits to specific therapeutic equivalents. If you do not accept the therapeutic equivalents that are covered under this Benefit Section, the drug purchased will not be covered under any benefit level.

A separate Copayment Amount or Coinsurance Amount will apply to each fill of a medication having a unique strength, dosage, or dosage form.

BENEFITS FOR MEDICARE ELIGIBLE COVERED PERSONS

This section describes the benefits which will be provided for Medicare Eligible Covered Persons who are not affected by MSP laws, unless otherwise specified in this benefit booklet (see provisions entitled ''Medicare Eligible Covered Persons'' in the ELIGIBILITY SECTION of this benefit booklet).

The benefits and provisions described throughout this benefit booklet apply to you, however, in determining the benefits to be paid for your Covered Services, consideration is given to the benefits available under Medicare.

The process used in determining benefits under the Health Care Plan is as follows:

1. determine what the payment for a Covered Service would be following the payment provisions of this coverage.
2. deduct from the charges eligible under Medicare, the amount paid by Medicare.
3. the lesser of the two amounts determined in accordance with step 1 and step 2 above is the amount that will be paid under the Health Care Plan.

When you have a Claim, you must send the Claim Administrator a copy of your Explanation of Medicare Benefits (“EOMB”) in order for your Claim to be processed.

EXCLUSIONS - WHAT IS NOT COVERED

Expenses for the following are not covered under your benefit program:

— **Hospitalization, services and supplies which are not Medically Necessary.**

No benefits will be provided for services which are not, in the reasonable judgment of the Claim Administrator, Medically Necessary. Medically Necessary means that a specific medical, health care or Hospital service is required, in the reasonable medical judgment of the Claim Administrator, for the treatment or management of a medical symptom or condition and that the service or care provided is the most efficient and economical service which can safely be provided.

Hospitalization is not Medically Necessary when, in the reasonable medical judgment of the Claim Administrator, the medical services provided did not require an acute Hospital Inpatient (overnight) setting, but could have been provided in a Physician's office, the Outpatient department of a Hospital or some other setting without adversely affecting the patient's condition.

Examples of hospitalization and other health care services and supplies that are not Medically Necessary include:

- Hospital admissions for or consisting primarily of observation and/or evaluation that could have been provided safely and adequately in some other setting, e.g., a Physician's office or Hospital Outpatient department.
- Hospital admissions primarily for diagnostic studies (x-ray, laboratory and pathological services and machine diagnostic tests) which could have been provided safely and adequately in some other setting, e.g., Hospital Outpatient department or Physician's office.
- Continued Inpatient Hospital care, when the patient's medical symptoms and condition no longer require their continued stay in a Hospital.
- Hospitalization or admission to a Skilled Nursing Facility, nursing home or other facility for the primary purposes of providing Custodial Care Service, convalescent care, rest cures or domiciliary care to the patient.
- Hospitalization or admission to a Skilled Nursing Facility for the convenience of the patient or Physician or because care in the home is not available or is unsuitable.
- The use of skilled or private duty nurses to assist in daily living activities, routine supportive care or to provide services for the convenience of the patient and/or his family members.

These are just some examples, not an exhaustive list, of hospitalizations or other services and supplies that are not Medically Necessary.

The Claim Administrator will make the decision whether hospitalization or other health care services or supplies were not Medically Necessary and therefore not eligible for payment under the terms of your health care plan. In most instances this decision is made by the Claim Administrator AFTER YOU HAVE BEEN HOSPITALIZED OR HAVE RECEIVED OTHER HEALTH CARE SERVICES OR SUPPLIES AND AFTER A CLAIM FOR PAYMENT HAS BEEN SUBMITTED.

The fact that your Physician may prescribe, order, recommend, approve or view hospitalization or other health care services and supplies as Medically Necessary does not make the hospitalization, services or supplies Medically Necessary and does not mean that the Claim Administrator will pay the cost of the hospitalization, services or supplies.

If your Claim for benefits is denied on the basis that the services or supplies were not Medically Necessary, and you disagree with the Claim Administrator's decision, your plan provides for an appeal of that decision.

Additional information about appeals procedures is set forth in the CLAIM FILING AND APPEALS PROCEDURES section of this benefit booklet.

REMEMBER, EVEN IF YOUR PHYSICIAN PRESCRIBES, ORDERS, RECOMMENDS, APPROVES OR VIEWS HOSPITALIZATION OR OTHER HEALTH CARE SERVICES AND SUPPLIES AS MEDICALLY NECESSARY, THE CLAIM ADMINISTRATOR WILL NOT PAY FOR THE HOSPITALIZATION, SERVICES AND SUPPLIES IF IT DECIDES THEY WERE NOT MEDICALLY NECESSARY.

COORDINATION OF BENEFITS SECTION

Coordination of Benefits (COB) applies when you have health care coverage through more than one group program. The purpose of COB is to insure that you receive all of the coverage to which you are entitled but no more than the actual cost of the care received. In other words, the total payment from all of your coverages together will not add up to be more than the total charges that you have incurred. It is your obligation to notify the Claim Administrator of the existence of such other group coverages. COB does not apply to the Outpatient Prescription Drug Program Benefit Section.

To coordinate benefits, it is necessary to determine what the payment responsibility is for each benefit program. This is done by following these rules:

1. The coverage under which the patient is the Eligible Person (rather than a dependent) is primary (that is, full benefits are paid under that program). The other coverage is secondary and only pays any remaining eligible charges.
2. When a dependent child receives services, the birthdays of the child's parents are used to determine which coverage is primary. The coverage of the parent whose birthday (month and day) comes before the other parent's birthday in the calendar year will be considered the primary coverage. If both parents have the same birthday, then the coverage that has been in effect the longest is primary. If the other coverage does not have this ''birthday'' type of COB provision and, as a result, both coverages would be considered either primary or secondary, then the provisions of the other coverage will determine which coverage is primary.

   — However, when the parents are separated or divorced and the parent with custody of the child has not remarried, the benefits of a contract which covers the child as a dependent of the parent with custody of the child will be determined before the benefits of a contract which covers the child as a dependent of the parent without custody;

   — when the parents are divorced and the parent with custody of the child has remarried, the benefits of a contract which covers the child as a dependent of the parent with custody shall be determined before the benefits of a contract which covers that child as a dependent of the stepparent, and the benefits of a contract which covers that child as a dependent of the stepparent will be determined before the benefits of a contract which covers that child as a dependent of the parent without custody.

   Notwithstanding the items above, if there is a court decree which would otherwise establish financial responsibility for the medical, dental, or other health care expenses with respect to the child, the benefits of a contract which covers the child as a dependent of the parent with such financial responsibility shall be determined before the benefits of any other contract which covers the child as a dependent child. It is the obligation of the person claiming benefits to

notify the Claim Administrator, and upon its request to provide a copy, of such court decree.

3. If neither of the above rules apply, then the coverage that has been in effect the longest is primary.

The only time these rules will not apply is if the other group benefit program does not include a COB provision. In that case, the other group program is automatically primary.

The Claim Administrator has the right in administering these COB provisions to:

— pay any other organization an amount which it determines to be warranted if payments which should have been made by the Claim Administrator have been made by such other organization under any other group program.

— recover any overpayment which the Claim Administrator may have made to you, any Provider, insurance company, person or other organization.

CONTINUATION COVERAGE RIGHTS UNDER COBRA

This CONTINUATION COVERAGE RIGHTS UNDER COBRA section does not apply to Domestic Partners and their children. This CONTINUATION COVERAGE RIGHTS UNDER COBRA section does not apply to your dependent who is a party to a Civil Union and their children.

NOTE: Certain employers may not be affected by CONTINUATION OF COVERAGE RIGHTS UNDER COBRA. See your employer or Group Administrator should you have any questions about COBRA.

Introduction

You are receiving this notice because you have recently become covered under your employer's group health plan (the Plan). This notice contains important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice generally explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it.**

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you when you would otherwise lose your group health coverage. It can also become available to other members of your family who are covered under the Plan when they would otherwise lose their group health coverage.

For additional information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

What Is COBRA Continuation Coverage?

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because either one of the following qualifying events happens:

- Your hours of employment are reduced; or
- Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because any of the following qualifying events happens:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes enrolled in Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because any of the following qualifying events happen:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes enrolled in Medicare benefits (under Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

If the Plan provides health care coverage to retired employees, the following applies: Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to your employer, and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary with respect to the bankruptcy. The retired employee's spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

When Is COBRA Coverage Available?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee, in the event of retired employee health coverage, commencement of a proceeding in bankruptcy with respect to the employer, or the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), the employer must notify the Plan Administrator of the qualifying event.

You Must Give Notice of Some Qualifying Events

For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. Contact your employer and/or COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

How Is COBRA Coverage Provided?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), your divorce or legal separation, or a dependent child's losing eligibility as a dependent child, COBRA continuation coverage lasts for up to 36 months.

When the qualifying event is the end of employment or reduction of the employee's hours of employment, and the employee became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA continuation coverage for qualified beneficiaries other than the employee lasts until 36 months after the date of Medicare entitlement. For example, if a covered employee becomes entitled to Medicare 8 months before the date on which his employment terminates, COBRA continuation coverage for his spouse and children can last up to 36 months after the date of Medicare entitlement, which is equal to 28 months after the date of the qualifying event (36 months minus 8 months). Otherwise, when the qualifying event is the end of employment or reduction of the employee's hours of employment, COBRA continuation coverage generally lasts for only up to a total of 18 months. There are two ways in which this 18–month period of COBRA continuation coverage can be extended.

Disability Extension Of 18-Month Period Of Continuation Coverage

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation coverage. Contact your employer and/or the COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

Second Qualifying Event Extension Of 18-Month Period Of Continuation Coverage

If your family experiences another qualifying event while receiving 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if notice of the second qualifying event is properly given to the Plan. This extension may be available to the spouse and dependent children receiving continuation coverage if the employee or former employee dies, becomes entitled to Medicare benefits (under Part A, Part B, or both), or gets divorced or legally separated or if the dependent child stops being eligible under the Plan as a dependent child, but only if the event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

HOW TO FILE A CLAIM AND APPEALS PROCEDURES

In order to obtain your benefits under this benefit program, it is necessary for a Claim to be filed with the Claim Administrator. To file a Claim, usually all you will have to do is show your identification card to your Hospital or Physician (or other Provider). They will file your Claim for you. Remember however, it is your responsibility to ensure that the necessary Claim information has been provided to the Claim Administrator.

Once the Claim Administrator receives your Claim, it will be processed and the benefit payment will usually be sent directly to the Hospital or Physician. You will receive a statement telling you how your benefits were calculated. In some cases the Claim Administrator will send the payment directly to you or if applicable, in the case of a Qualified Medical Child Support Order, to the designated representative as it appears on the Claim Administrator's records.

In certain situations, you will have to file your own Claims. This is primarily true when you are receiving services or supplies from Providers other than a Hospital or Physician. An example would be when you have had ambulance expenses. To file your own Claim, follow these instructions:

1. Complete a Claim Form. These are available from your Employee Benefits Department or from the Claim Administrator's office.
2. Attach copies of all bills to be considered for benefits. These bills must include the Provider's name and address, the patient's name, the diagnosis, the date of service and a description of the service and the Claim Charge.
3. Mail the completed Claim Form with attachments to:

   Blue Cross and Blue Shield of Illinois
   P. O. Box 805107
   Chicago, Illinois 60680-4112

In any case, Claims should be filed with the Claim Administrator on or before December 31st of the calendar year following the year in which your Covered Service was rendered. (A Covered Service furnished in the last month of a particular calendar year shall be considered to have been furnished the succeeding calendar year.) **Claims not filed within the required time period will not be eligible for payment.**

Should you have any questions about filing Claims, ask your Employee Benefits Department or call the Claim Administrator's office.

FILING OUTPATIENT PRESCRIPTION DRUG CLAIMS

In certain situations, you will have to file your own Claims in order to obtain benefits for Outpatient prescription drugs. This is primarily true when you did not receive an identification card, the Pharmacy was unable to transmit a

Claim or you received benefits from a Non-Participating Prescription Drug Provider. To do so, follow these instructions:

1. Complete a prescription drug Claim Form. These forms are available from your Employee Benefits Department or from the Claim Administrator's office.
2. Attach copies of all Pharmacy receipts to be considered for benefits. These receipts must be itemized.
3. Mail the completed Claim Form with attachments to:

Prime Therapeutics
P.O. Box 25136
Lehigh Valley, PA 18002-5136

In any case, Claims must be filed no later than one year after the date a service is received. Claims not filed within one year from the date a service is received will not be eligible for payment.

Should you have any questions about filing Claims, please call the Claim Administrator.

INTERNAL CLAIMS DETERMINATIONS AND APPEALS PROCESS

INITIAL CLAIMS DETERMINATIONS

The Claim Administrator will usually process all Claims according to the terms of the benefit program within 30 days of receipt of all information required to process a Claim. In the event that the Claim Administrator does not process a Claim within this 30-day period, you or your valid assignee shall be entitled to interest at the rate of 9% per year, from the 30th day after the receipt of all Claim information until the day payment is actually made. However, interest payment will not be made if the amount is $1.00 or less. The Claim Administrator will usually notify you, your valid assignee, or your authorized representative when all information required to process a Claim in accordance with the terms of the benefit program within 30 days of the Claim's receipt has not been received. (For information regarding assigning benefits, see "Payment of Claims and Assignment of Benefits" provisions in the GENERAL PROVISIONS section of this benefit booklet.)

If a Claim Is Denied or Not Paid in Full

Upon request, diagnosis/treatment codes with their meanings and the standards used are also available;

e. An explanation of the Claim Administrator's internal review/appeals and external review processes (and how to initiate a review/appeal or external review);

f. In certain situations, a statement in non-English language(s) that future notices of Claim determinations and certain other benefit information may be available in such non-English language(s);

j. An explanation of the scientific or clinical judgment relied on in the determination as applied to claimant's medical circumstances, if the determination was based on medical necessity, experimental treatment or similar exclusion, or a statement that such explanation will be provided free of charge upon request;

k. In the case of a determination of an Urgent Care Clinical Claim, a description of the expedited review procedure applicable to such Claims. An Urgent Care Clinical Claim decision may be provided orally, so long as written notice is furnished to the claimant within three days of oral notification.

b. **Pre-Service Claim** is any non-urgent request for benefits or a determination with respect to which the terms of the benefit plan condition receipt of the benefit on approval of the benefit in advance of obtaining medical care.

This notification must include full details of the service received, including your name, age, sex, identification number, the name and address of the Provider, an itemized statement of the service rendered or furnished, the date of service, the diagnosis, the Claim charge, and any other information which the Claim Administrator may request in connection with services rendered to you.

Concurrent Care

For benefit determinations relating to care that is being received at the same time as the determination, such notice will be provided no later than 24 hours after receipt of your Claim for benefits.

CLAIM APPEAL PROCEDURES - DEFINITIONS

An **"Adverse Benefit Determination"** means a determination, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit in response to a Claim, Pre-Service Claim or Urgent Care Clinical Claim, including any such determination, reduction, termination, or failure to provide or make payment for, a benefit resulting from the application of utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not medically necessary or appropriate. If an ongoing course of treatment had been approved by the Claim Administrator and the Claim Administrator reduces or terminates such treatment (other than by amendment or termination of the Group's benefit plan) before the end of the approved treatment period, that is also an Adverse Benefit Determination. A Rescission of coverage is also an Adverse Benefit Determination. A Rescission does not include a termination of coverage for reasons related to non-payment of premium.

Urgent Care/Expedited Clinical Appeals

If your situation meets the definition of an expedited clinical appeal, you may be entitled to an appeal on an expedited basis. An **expedited clinical appeal** is an appeal of a clinically urgent nature related to health care services, including but not limited to, procedures or treatments ordered by a health care provider, as well as continued hospitalization. Before authorization of benefits for an ongoing course of treatment is terminated or reduced, the Claim Administrator will provide you with notice at least 24 hours before the previous benefits authorization ends and an opportunity to appeal. For the ongoing course of treatment, coverage will continue during the appeal process.

Upon receipt of an expedited pre-service or concurrent clinical appeal, the Claim Administrator will notify the party filing the appeal, as soon as possible, but in no event more than 24 hours after submission of the appeal, of all the information needed to review the appeal. The Claim Administrator will render a decision on the appeal within 24 hours after it receives the requested information, but not more than 72 hours from the appeal request.

Standard or Non-Urgent Appeals

The Claim Administrator will send you a written decision for appeals that need medical review within 30 calendar days after we receive your appeal request, or if you are appealing before getting a service. All other appeals will be answered within 60 calendar days.

How to Appeal an Adverse Benefit Determination

You have the right to seek and obtain a review of any determination of a claim, any determination of a request for preauthorization, or any other determination made by the Claim Administrator in accordance with the benefits and procedures detailed in your Health Benefit Plan.

An appeal of an Adverse Benefit Determination may be filed by you or a person authorized to act on your behalf. In some circumstances, a health care provider may appeal on his/her own behalf. Under your health benefit plan, there is one level of internal appeal available to you. Your designation of a representative must be in writing as it is necessary to protect against disclosure of information about you except to your authorized representative. To obtain an Authorized Representative Form, you or your representative may call the Claim Administrator at the number on the back of your identification card. In urgent care situations, a doctor may act as your authorized representative without completing the form.

If you believe the Claim Administrator incorrectly denied all or part of your benefits, you may have your Claim reviewed. The Claim Administrator will review its decision in accordance with the following procedure:

- Within 180 days after you receive notice of an Adverse Benefit Determination, you may call or write to the Claim Administrator to request a Claim review. The Claim Administrator will need to know the reasons why you do not agree with the Adverse Benefit Determination.

- In support of your Claim review, you have the option of presenting evidence and testimony to the Claim Administrator. You and your authorized representative may ask to review your file and any relevant documents and may submit written issues, comments and additional medical information within 180 days after you receive notice of an Adverse Benefit Determination or at any time during the claim review process.
- The Illinois Department of Insurance (IDOI) offers consumer assistance. If your standard or expedited (urgent) external review request does not qualify for review by your plan or its representatives, you may file an appeal with the IDOI at the Springfield address below. During the course of your internal appeal(s), the Claim Administrator will provide you or your authorized representative (free of charge) with any new or additional evidence considered, relied upon or generated by the Claim Administrator in connection with the appealed Claim, as well as any new or additional rationale for a determination at the internal ap-

peals stage. Such new or additional evidence or rationale will be provided to you or your authorized representative as soon as possible and sufficiently in advance of the date a final decision on appeal is made in order to give you a reasonable opportunity to respond. The Claim Administrator may extend the time period described in this benefit booklet for its final decision on appeal to provide you with a reasonable opportunity to respond to such new or additional evidence or rationale. If the initial benefit determination regarding the Claim is based in whole or in part on a medical judgement, the appeal will be conducted by individuals associated with the Claim Administrator and/or by external advisors, but who were not involved in making the initial determination of your Claim. No deference will be given to the initial Adverse Benefit Determination. Before you or your authorized representative may bring any action to recover benefits the claimant must exhaust the appeal process and must raise all issues with respect to a Claim and must file an appeal or appeals and the appeals must be finally decided by the Claim Administrator.

Timing of Non-Urgent Appeal Determinations

Upon receipt of a non-urgent concurrent pre-service or post-service appeal, the Claim Administrator will notify the party filing the appeal within five business days of all the information needed to review the appeal.

The Claim Administrator will render a decision of a non-urgent concurrent or pre-service appeal as soon as practical, but in no event more than 30 calendar days after receipt of all required information. We will send you a written decision for appeals that are related to health care services and not related to administrative matters or Complaints within 30 calendar days after receipt of any needed information, but no later than 30 calendar days of receipt of the request. All other appeals will be answered within 30 calendar days if you are appealing before getting a service or within 60 calendar days if you have already received the service.

If the appeal is related to administrative matters or Complaints, the Claim Administrator will render a decision of a pre-service or post-service appeal as soon as practical, but in no event more than 60 business days after receipt of all required information.

Notice of Appeal Determination

The Claim Administrator will notify the party filing the appeal, you, and, if a clinical appeal, any health care provider who recommended the services involved in the appeal.

The written notice will include:

1. The reasons for the determination;
2. A reference to the benefit plan provisions on which the determination is based, or the contractual, administrative or protocol for the determination;

3. Subject to privacy laws and other restrictions, if any, the identification of the Claim, date of service, health care provider, Claim amount (if applicable), and a statement describing determination codes with their meanings and the standards used. Upon request, diagnosis/treatment codes with their meanings and the standards used are also available;
4. An explanation of the Claim Administrator's internal review/appeals and external review processes (and how to initiate a review/appeal or an external review) and a statement of your right, if any, to bring a civil action under Section 502(a) of ERISA following a final determination on internal and external appeal;
5. An explanation that you and your Provider may file appeals separately and at the same time, and that deadlines for filing appeals or external review requests are not delayed by appeals made by your Provider UNLESS you have chosen your Provider to act for you as your authorized representative;
6. In certain situations, a statement in non-English language(s) that future notices of Claim determinations and certain other benefit information may be available in such non-English language(s);
7. In certain situations, a statement in non-English language(s) that indicates how to access the language services provided by the Claim Administrator;
8. The right to request, free of charge, reasonable access to and copies of all documents, records and other information relevant to the claim for benefits;
9. Any internal rule, guideline, protocol or other similar criterion relied on in the determination, or a statement that a copy of such rule, guideline, protocol or other similar criterion will be provided free of charge on request;
10. An explanation of the scientific or clinical judgment relied on in the determination, or a statement that such explanation will be provided free of charge upon request;
11. A description of the standard that was used in denying the claim and a discussion of the decision;
12. When the notice is given upon the exhaustion of an appeal submitted by a health care Provider on his/her own behalf, the timeframes from the date of the adverse determination for the member to file an appeal or file an external review;
13. When the notice of final adverse determination is given upon the exhaustion of internal appeals by the member, a statement that all internal appeals have been exhausted and the member has 4 months from the date of the letter to file an external review;
14. A statement indicating whether the adverse determination relates to a MEMBER appeal (filed by the member or authorized representative who may be the health care Provider) or a PROVIDER appeal (pursuant to the

Provider contract) and shall explain timeframes from the date of the adverse determination for the member to appeal and to file an external review regardless of the status of a Provider appeal.

If the Claim Administrator's or your Employer's decision is to continue to deny or partially deny your Claim or you do not receive timely decision, you may be able to request an external review of your claim by an independent third party, who will review the determination and issue a final decision. Your external review rights are described in the **STANDARD EXTERNAL REVIEW** section below.

You may file a Complaint with the Illinois Department of Insurance. The Illinois Department of Insurance will notify the Claim Administrator of the Complaint. The Claim Administrator will have 21 days to respond to the Illinois Department of Insurance.

You must exercise the right to internal appeal as a precondition to taking any action against the Claim Administrator, either at law or in equity. If you have an adverse appeal determination, you may file civil action in a state or federal court.

STANDARD EXTERNAL REVIEW

You or your authorized representative (as described above) may make a request for a standard external review or expedited external review of an Adverse Benefit Determination or Final Internal Adverse Benefit Determination by an independent review organization (IRO). The external review is at no charge to the member.

An "**Adverse Benefit Determination**" means a determination, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, including any such determination, reduction, termination, or failure to provide or make payment for, a benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not medically necessary or appropriate. If an ongoing course of treatment had been approved by the Claim Administrator or your Employer and the Claim Administrator or your Employer reduces or terminates such treatment (other than by amendment or termination of the Employer's benefit plan) before the end of the approved treatment period, that is also an Adverse Benefit Determination. A Rescission of coverage is also an Adverse Benefit Determination. A Rescission does not include a termination of coverage for reasons related to non–payment of premium.

A "**Final Internal Adverse Benefit Determination**" means an Adverse Benefit Determination that has been upheld by the Claim Administrator at the completion of the Claim Administrator's internal review/appeal process.

1. **Request for external review.** Within 4 months after the date of receipt of a notice of an Adverse Benefit Determination or Final Internal Adverse Benefit Determination from the Claim Administrator, you or your authorized representative must file your request for standard external review. If there is no corresponding date 4 months after the date of receipt

of such a notice, then the request must be filed by the first day of the fifth month following the receipt of the notice. For example, if the date of receipt of the notice is October 30, because there is no February 30, the request must be filed by March 1. If the last filing date would fall on a Saturday, Sunday, or Federal holiday, the last filing date is extended to the next day that is not a Saturday, Sunday, or Federal holiday.

2. **Preliminary review.** Within 5 business days following the date of receipt of the external review request, the Claim Administrator must complete a preliminary review of the request to determine whether:

   a. You are, or were, covered under the plan at the time the health care item or service was requested or, in the case of a retrospective review, was covered under the plan at the time the health care item or service was provided;

   b. The Adverse Benefit Determination or the Final Adverse Benefit Determination does not relate to your failure to meet the requirements for eligibility under the terms of the plan (e.g., worker classification or similar determination);

   c. You have exhausted the Claim Administrator's internal appeal process unless you are not required to exhaust the internal appeals process under the interim final regulations. Please read the **EXHAUSTION** section below for additional information and exhaustion of the internal appeal process; and

   d. You or your authorized representative have provided all the information and forms required to process an external review.

   You will be notified within 1 business day after we complete the preliminary review if your request is eligible or if further information or documents are needed. You will have the remainder of the 4-month appeal period (or 48 hours following receipt of the notice), whichever is later, to perfect the appeal request. If your claim is not eligible for external review, we will outline the reasons it is ineligible in the notice, and provide contact information for the Department of Labor's Employee Benefits Security Administration (toll-free number 866-444-EBSA (3272).

3. **Referral to Independent Review Organization.** When an eligible request for external review is completed within the time period allowed, Claim Administrator will assign the matter to an independent review organization (IRO). The IRO assigned will be accredited by URAC or by similar nationally–recognized accrediting organization. Moreover, the Claim Administrator will take action against bias and to ensure independence. Accordingly, the Claim Administrator must contract within at least (3) IROs for assignments under the plan and rotate claims assignments among them (or incorporate other independent, unbiased methods for selection of IROs, such as random selection). In addition, the IRO may not be eligible for any financial incentives based on the likelihood that the IRO will support the determination of benefits.

The IRO must provide the following:

a. Utilization of legal experts where appropriate to make coverage determinations under the plan.

b. Timely notification to you or your authorized representative, in writing, of the request's eligibility and acceptance for external review. This notice will include a statement that you may submit in writing to the assigned IRO within ten business days following the date of receipt of the notice additional information that the IRO must consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted after 10 business days.

c. Within 5 business days after the date of assignment of the IRO, the Claim Administrator must provide to the assigned IRO the documents and any information considered in making the Adverse Benefit Determination or Final Internal Adverse Benefit Determination. Failure by the Claim Administrator to timely provide the documents and information must not delay the conduct of the external review. If the Claim Administrator fails to timely provide the documents and information, the assigned IRO may terminate the external review and make a decision to reverse the Adverse Benefit Determination or Final Internal Adverse Benefit Determination. Within 1 business day after making the decision, the IRO must notify the Claim Administrator and you or your authorized representative.

d. Upon receipt of any information submitted by you or your authorized representative, the assigned IRO must within 1 business day forward the information to the Claim Administrator. Upon receipt of any such information, the Claim Administrator may reconsider its Adverse Benefit Determination or Final Internal Adverse Benefit Determination that is the subject of the external review. Reconsideration by the Claim Administrator must not delay the external review. The external review may be terminated as a result of the reconsideration only if the Claim Administrator decides, upon completion of its reconsideration, to reverse its Adverse Benefit Determination or Final Internal Adverse Benefit Determination and provide coverage or payment. Within 1 business day after making such a decision, the Claim Administrator must provide written notice of its decision to you and the assigned IRO. The assigned IRO must terminate the external review upon receipt of the notice from the Claim Administrator.

e. Review all of the information and documents timely received. In reaching a decision, the assigned IRO will review the claim de novo and not be bound by any decisions or conclusions reached during the Claim Administrator's internal claims and appeals process applicable under paragraph (b) of the interim final regulations under section 2719 of the Public Health Service (PHS) Act. In addition to the documents and information provided, the assigned

IRO, to the extent the information or documents are available and the IRO considers them appropriate, will consider the following in reaching a decision:

(1) Your medical records;

(2) The attending health care professional's recommendation;

(3) Reports from appropriate health care professionals and other documents submitted by the Claim Administrator, you, or your treating provider;

(4) The terms of your plan to ensure that the IRO's decision is not contrary to the terms of the plan, unless the terms are inconsistent with applicable law;

(5) Appropriate practice guidelines, which must include applicable evidence-based standards and may include any other practice guidelines developed by the Federal government, national or professional medical societies, boards, and associations;

(6) Any applicable clinical review criteria developed and used by the Claim Administrator, unless the criteria are inconsistent with the terms of the plan or with applicable law; and

(7) The opinion of the IRO's clinical reviewer or reviewers after considering information described in this notice to the extent the information or documents are available and the clinical reviewer or reviewers consider appropriate.

f. Written notice of the final external review decision must be provided within 45 days after the IRO receives the request for the external review. The IRO must deliver the notice of final external review decision to the Claim Administrator and you or your authorized representative.

g. The notice of final external review decision will contain:

(1) A general description of the reason for the request for external review, including information sufficient to identify the claim (including the date or dates of service, the health care provider, the claim amount (if applicable), the diagnosis code and its corresponding meaning, the treatment code and its corresponding meaning, and the reason for the previous determination);

(2) The date the IRO received the assignment to conduct the external review and the date of the IRO decision;

(3) References to the evidence or documentation, including the specific coverage provisions and evidence-based standards, considered in reaching its decision;

(4) A discussion of the principal reason or reasons for its decision, including the rationale for its decision and any evidence–based standards that were relied on in making its decision;

(5) A statement that the determination is binding except to the extent that other remedies may be available under State or Federal law to either the Claim Administrator and you or your authorized representative;

(6) A statement that judicial review may be available to you or your authorized representative; and

(7) Current contact information, including phone number, for any applicable office of health insurance consumer assistance or ombudsman established under PHS Act section 2793.

h. After a final external review decision, the IRO must maintain records of all claims and notices associated with the external review process for six years. An IRO must make such records available for examination by the Claim Administrator, State or Federal oversight agency upon request, except where such disclosure would violate State or Federal privacy laws, and you or your authorized representative.

4. **Reversal of plan's decision.** Upon receipt of a notice of a final external review decision reversing the Adverse Benefit Determination or Final Internal Adverse Benefit Determination, the Claim Administrator immediately must provide coverage or payment (including immediately authorizing or immediately paying benefits) for the claim.

EXPEDITED EXTERNAL REVIEW

1. **Request for expedited external review.** Claim Administrator must allow you or your authorized representative to make a request for an expedited external review with the Claim Administrator at the time you receive:

a. An Adverse Benefit Determination if the Adverse Benefit Determination involves a medical condition of the claimant for which the timeframe for completion of an expedited internal appeal under the interim final regulations would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function and you have filed a request for an expedited internal appeal; or

b. A Final Internal Adverse Benefit Determination, if the claimant has a medical condition where the timeframe for completion of a standard external review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function, or if the Final Internal Adverse Benefit Determination concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but have not been discharged from a facility.

2. **Preliminary review.** Immediately upon receipt of the request for expedited external review, the Claim Administrator must determine whether the request meets the reviewability requirements set forth in the STANDARD EXTERNAL REVIEW section above. The Claim Administrator must immediately send you a notice of its eligibility determination that meets the requirements set forth in STANDARD EXTERNAL REVIEW section above.

3. **Referral to independent review organization.** Upon a determination that a request is eligible for external review following the preliminary review, the Claim Administrator will assign an IRO pursuant to the requirements set forth in the STANDARD EXTERNAL REVIEW section above. The Claim Administrator must provide or transmit all necessary documents and information considered in making the Adverse Benefit Determination or Final Internal Adverse Benefit Determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method.

   The assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the information or documents described above under the procedures for standard review. In reaching a decision, the assigned IRO must review the claim de novo and is not bound by any decisions or conclusions reached during the Claim Administrator's internal claims and appeals process.

4. **Notice of final external review decision.** The Claim Administrator's contract with the assigned IRO must require the IRO to provide notice of the final external review decision, in accordance with the requirements set forth in the STANDARD EXTERNAL REVIEW section above, as expeditiously as your medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request for an expedited external review. If the notice is not in writing, within 48 hours after the date of providing that notice, the assigned IRO must provide written confirmation of the decision to the Claim Administrator and you or your authorized representative.

EXHAUSTION

For standard internal review, you have the right to request external review once the internal review process has been completed and you have received the Final Internal Adverse Benefit Determination. For expedited internal review, you may request external review simultaneously with the request for expedited internal review. The IRO will determine whether or not your request is appropriate for expedited external review or if the expedited internal review process must be completed before external review may be requested.

You will be deemed to have exhausted the internal review process and may request external review if the Claim Administrator waives the internal review process or the Claim Administrator has failed to comply with the internal claims and appeals process. In the event you have been deemed to exhaust the internal review process due to the failure by the Claim Administrator to com-

ply with the internal claims and appeals process, you also have the right to pursue any available remedies under 502(a) of ERISA or under State law.

External review may not be requested for an Adverse Benefit Determination involving a claim for benefits for a health care service that you have already received until the internal review process has been exhausted.

GENERAL PROVISIONS

1. CLAIM ADMINISTRATOR'S SEPARATE FINANCIAL ARRANGEMENTS WITH PROVIDERS

The Claim Administrator hereby informs you that it has contracts with certain Providers (''Administrator Providers'') in its service area to provide and pay for health care services to all persons entitled to health care benefits under health policies and contracts to which the Claim Administrator is a party, including all persons covered under the Health Care Plan. Under certain circumstances described in its contracts with Administrator Providers, the Claim Administrator may:

- receive substantial payments from Administrator Providers with respect to services rendered to you for which the Claim Administrator was obligated to pay the Administrator Provider, or
- pay Administrator Providers substantially less than their Claim Charges for services, by discount or otherwise, or
- receive from Administrator Providers other substantial allowances under the Claim Administrator's contracts with them.

In the case of Hospitals and other facilities, the calculation of any out-of-pocket maximums or any maximum amounts of benefits payable by the Claim Administrator as described in this benefit booklet and the calculation of all required deductible and Coinsurance amounts payable by you as described in this benefit booklet shall be based on the Eligible Charge or Provider's Claim Charge for Covered Services rendered to you, reduced by the Average Discount Percentage ("ADP") applicable to your Claim or Claims. Your Employer has been advised that the Claim Administrator may receive such payments, discounts and/or other allowances during the term of the agreement between your Employer and the Claim Administrator. Neither the Employer nor you are entitled to receive any portion of any such payments, discounts and/or other allowances in excess of the ADP.

To help you understand how the Claim Administrator's separate financial arrangements with Providers work, please consider the following example:

a. Assume you go into the Hospital for one night and the normal, full amount the Hospital bills for Covered Services is $1,000. How is the $1,000 bill paid?

b. You personally will have to pay the deductible and Coinsurance amounts set out in your benefit booklet.

c. However, for purposes of calculating your deductible and Coinsurance amounts, and whether you have reached any out-of-pocket or benefit maximums, the Hospital's Eligible Charge would be reduced by the ADP applicable to your Claim. In our example, if the applicable ADP were 30%, the $1,000 Hospital bill would be reduced by 30% to $700 for purposes of calculating your deductible and Coinsurance

amounts, and whether you have reached any out-of-pocket or benefit maximums.

d. Assuming you have already satisfied your deductible, you will still have to pay the Coinsurance portion of the $1,000 Hospital bill after it has been reduced by the ADP. In our example, if your Coinsurance obligation is 20%, you personally will have to pay 20% of $700, or $140. You should note that your 20% Coinsurance is based on the full $1,000 Hospital bill, after it is reduced by the applicable ADP.

e. After taking into account the deductible and Coinsurance amounts, the Claim Administrator will satisfy its portion of the Hospital bill. In most cases, the Claim Administrator has a contract with Hospitals that allows it to pay less, and requires the Hospital to accept less, than the amount of money the Claim Administrator would be required to pay if it did not have a contract with the Hospital.

So, in the example we are using, since the full Hospital bill is $1,000, your deductible has already been satisfied, and your Coinsurance is $140, then the Claim Administrator has to satisfy the rest of the Hospital bill, or $860. Assuming the Claim Administrator has a contract with the Hospital, the Claim Administrator will usually be able to satisfy the $860 bill that remains after your Coinsurance and deductible, by paying less than $860 to the Hospital, often substantially less than $860. The Claim Administrator receives, and keeps for its own account, the difference between the $860 bill and whatever the Claim Administrator ultimately pays under its contracts with Administrator Providers, and neither you nor your Employer are entitled to any part of these savings.

BlueCard® Program

Under the BlueCard® Program, when you access Covered Services within the geographic area served by a Host Blue, the Claim Administrator will remain responsible for fulfilling our contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating Providers.

Whenever you access Covered Services outside the Claim Administrator's service area and the claim is processed through the BlueCard Program, the amount you pay for Covered Services is calculated based on the lower of:

- The billed charges for your Covered Services, or
- The negotiated price that the Host Blue passes on to the Claim Administrator.

To help you understand how this calculation would work, please consider the following example:

a. Suppose you receive Covered Services for an illness while you are on vacation outside of Illinois. You show your identification card to the provider to let him or her know that you are covered by the Claim Administrator.

b. The provider has negotiated with the Host Blue a price of $80, even though the provider's standard charge for this service is $100. In this example, the provider bills the Host Blue $100.

c. The Host Blue, in turn, forwards the claim to the Claim Administrator and indicates that the negotiated price for the covered service is $80. The Claim Administrator would then base the amount you must pay for the service – the amount applied to your deductible, if any, and your coinsurance percentage – on the $80 negotiated price, not the $100 billed charge.

d. So, for example, if your coinsurance is 20%, you would pay $16 (20% of $80), not $20 (20% of $100). You are not responsible for amounts over the negotiated price for a covered service.

PLEASE NOTE: The Coinsurance percentage in the above example is for illustration purposes only. The example assumes that you have met your deductible and that there are no copayments associated with the service rendered. Your deductible(s), Coinsurance and Copayment(s) are specified in this benefit booklet.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over – or underestimation of modifications of past pricing for the types of transaction modifications noted above. However, such adjustments will not affect the price we use for your claim because they will not be applied retroactively to claims already paid.

Federal law or the laws in a small number of states may require the Host Blue to add a surcharge to your calculation. If federal law or any state laws mandate other liability calculation methods, including a surcharge, we would then calculate your liability for any Covered Services according to applicable law.

Non-Participating Healthcare Providers Outside The Claim Administrator's Service Area

a. Liability Calculation

(1) In General

When Covered Services are provided outside of the Claim Administrator's service area by non-participating Providers, the amount(s) you pay for such services will be calculated using the methodology

described in the Booklet for non-participating Providers located inside our service area. You may be responsible for the difference between the amount that the non-participating Provider bills and the payment the Claim Administrator will make for the Covered Services as set forth in this paragraph.

(2) Exceptions

In some exception cases, the Claim Administrator may, but is not required to, in its sole and absolute discretion, negotiate a payment with such Non-Participating Provider on an exception basis. If a negotiated payment is not available, then the Claim Administrator may make a payment based on the lesser of:

1. The amount calculated using the methodology described in the benefit booklet for non–participating Providers located inside our service area (and described in Section (1) above); or

2. The following:

(i) For professional Providers, make a payment based on publicly available Provider reimbursement data for the same or similar services, adjusted for geographical differences where applicable, or

(ii) For Hospital or facility Providers, make a payment based on publicly available data reflecting the approximate costs that Hospitals or facilities have reportedly incurred historically to provide the same or similar service, adjusted for geographical differences where applicable, plus a margin factor for the Hospital or facility.

In these situations, you may be liable for the difference between the amount that the non–participating Provider bills and the payment the Claim Administrator will make for the Covered Services as set forth in this paragraph.

Value-Based Programs BlueCard® Program

If you receive Covered Services under a Value-Based Program inside a Host Blue's service area, you will not bear any portion of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees of such arrangement, except when a Host Blue passes these fees to the Claim Administrator through average pricing or fee schedule incentive adjustments.

Under the Agreement Employer has with Blue Cross and Blue Shield of Illinois, Blue Cross and Blue Shield of Illinois and Employer will not impose cost sharing for Care Coordinator Fees.

Blue Cross Blue Shield Global Core

If you are outside the United States, Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter "BlueCard service area"), you may be able to take advantage of Blue Cross Blue Shield Global Core when

accessing Covered Services. Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although Blue Cross Blue Shield Global Core assists you with accessing a network of inpatient, outpatient and professional providers, the network is not served by a Host Blue. As such, when you receive care from providers outside the BlueCard service area, you will typically have to pay the providers and submit the claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or hospital) outside the BlueCard service area, you should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.

Inpatient Services

In most cases, if you contact the service center for assistance, Hospitals will not require you to pay for covered inpatient services, except for your cost-share amounts/deductibles, Coinsurance, etc. In such cases, the Hospital will submit your Claims to the service center to begin claims processing. However, if you paid in full at the time of service, you must submit a claim to receive reimbursement for Covered Services. **You must contact the Claim Administrator to obtain Preauthorization for non-emergency Inpatient services.**

Outpatient Services

Outpatient Services are available for Emergency Care, Physicians, urgent care centers and other Outpatient Providers located outside the BlueCard service area will typically require you to pay in full at the time of service. You must submit a claim to obtain reimbursement for Covered Services.

Submitting a Blue Cross Blue Shield Global Core Claim

When you pay for Covered Services outside the BlueCard service area, you must submit a claim to obtain reimbursement. For institutional and professional Claims, you should complete a Blue Cross Blue Shield Global Core International claim form and send the claim form with the provider's itemized bill(s) to the service center (the address is on the form) to initiate Claims processing. Following the instructions on the Claim form will help ensure timely processing of your Claim. The Claim form is available from the Plan, the service center or online at www.bcbsglobalcore.com. If you need assistance with your Claim submission, you should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week.

2. THE CLAIM ADMINISTRATOR'S SEPARATE FINANCIAL ARRANGEMENTS REGARDING PRESCRIPTION DRUGS

Claim Administrator's Separate Financial Arrangements with Prescription Drug Providers

The Claim Administrator hereby informs you that it has contracts, either directly or indirectly, with Prescription Drug Providers ("Participating Prescription Drug Providers") to provide prescription drug services to all persons entitled to prescription drug benefits under health policies and contracts to which the Claim Administrator is a party, including all persons covered under this Health Care Plan. Under its contracts with Participating Prescription Drug Providers, the Claim Administrator may receive from these Providers discounts for prescription drugs dispensed to you. Actual discounts used to calculate your share of the cost of prescription drugs will vary. Some discounts are currently based on Average Wholesale Price ("AWP") which is determined by a third party and is subject to change. You understand that the Claim Administrator may receive such discounts. Neither the Employer nor you are entitled to receive any portion of any such payments, discounts and/or other allowances.

Coinsurance amounts payable by you under this Health Care Plan will be calculated on the basis of the Provider's Eligible Charge or the agreed upon cost between the Participating Prescription Drug Provider and the Claim Administrator for a prescription drug, whichever is lower.

To help you understand how the Claim Administrator's separate financial arrangements with Prescription Drug Providers work, please consider the following example:

a. Assume you have a prescription dispensed and the normal, full amount of the prescription drug is $100. How is the $100 bill paid?

b. You personally will have to pay the Coinsurance amount set out in this benefit booklet.

c. However, for purposes of calculating your Coinsurance amount, the full amount of the prescription drug would be reduced by the discount. In our example, if the applicable discount were 20%, the $100 prescription drug bill would be reduced by 20% to $80 for purposes of calculating your Coinsurance amount.

d. In our example, if your Coinsurance obligation is 25%, you personally will have to pay 25% of $80, or $20. You should note that your 25% Coinsurance is based upon the discounted amount of the prescription and not the full $100 bill.

For the home delivery pharmacy and specialty pharmacy program partially owned by Prime, Prime retains the difference between its acquisition cost and the negotiated prices as its fee for the various administrative services provided as part of the home delivery pharmacy and/or specialty pharmacy program. The Claim Administrator pays a fee to Prime for pharmacy benefit services. A portion of Prime's PBM fees are

tied to certain performance standards, including, but not limited to, Claims processing, customer service response, and home delivery processing.

"Weighted Paid Claim" refers to the methodology of counting Claims for purposes of determining the Claim Administrator's fee payment to Prime. Each retail (including Claims dispensed through PBM's Specialty Pharmacy program) paid Claim will be weighted according to the days' supply dispensed. A paid Claim is weighted in 34 day supply increments, so a 1-34 days' supply is considered 1 weighted Claim, a 35-68 days' supply is considered 2 weighted Claims, and the pattern continues up to 6 weighted Claims for 171 or more days' supply. The Claim Administrator pays Prime a Program Management Fee ("PMF") on a per weighted Claim basis.

The amounts received by Prime from the Claim Administrator, Pharmacies, manufacturers or other third parties may be revised from time to time. Some of the amounts received by Prime may be charged each time a Claim is processed (or, in some instances, requested to be processed) through Prime and/or each time a prescription is filled, and include, but are not limited to, administrative fees charged by Prime to the Claim Administrator (as described above), administrative fees charge by Prime to Pharmacies and administrative fees charged by prime to pharmaceutical manufacturers. Currently, none of these fees will be passed on to you as expenses, or accrue to the benefit of you, unless otherwise specifically set forth in this benefit booklet. Additional information about these types of fees or the amount of these fees is available upon request. The maximum that Prime will receive from any pharmaceutical manufacturer for certain administrative fees will be 4.25% of the total sales for all rebatable products of such manufacturer dispensed during any given calendar year to members of the Claim Administrator and other Blue Plan operating divisions.

Claim Administrator's Separate Financial Arrangements with Pharmacy Benefit Managers

The Claim Administrator owns a significant portion of the equity of Prime Therapeutics LLC and informs you that the Claim Administrator has entered into one or more agreements with Prime Therapeutics LLC or other entities (collectively referred to as "Pharmacy Benefit Managers") to provide, on the Claim Administrator's behalf, Claim Payments and certain administrative services for your prescription drug benefits. Pharmacy Benefit Managers have agreements with pharmaceutical manufacturers to receive rebates for using their products. The Pharmacy Benefit Manager may share a portion of those rebates with the Claim Administrator. Neither the Employer nor you are entitled to receive any portion of such rebates as they are figured into the pricing of the product.

Prime negotiates rebate contracts with pharmaceutical manufacturers on behalf of the Claim Administrator, but does not retain any rebates (although Prime may retain any interest or late fees earned on rebates received from manufactures to cover the administrative costs of pro-

cessing late payments). The Claim Administrator may receive such rebates from Prime. You are not entitled to receive any portion of any such rebates as they are calculated into the pricing of the product.

Participants and their beneficiaries, including COBRA beneficiaries, are required to immediately notify the Plan Administrator if a claim is submitted for benefits that is the result of the negligence, willful misconduct or other actions of a third party or an occupational or work related injury or illness and complete any and all documents required by the Plan. Failure to complete such documentation is grounds for denial of the Participant's claim.

5.Claims Procedure Review and Appeal Procedure This information is explained in the section of the booklet entitled "How To File a Claim and Appeals Procedures."

6.Statement of ERISA Rights:

As a participant in this plan, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

Receive Information About Your Plan and Benefits:

a. Examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

b. Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The Plan Administrator may make a reasonable charge for the copies.

c. Receive a summary of the plan's annual financial report. The Plan Administrator is required by law to furnish each participant with a copy of this summary annual report.

Continue Group Health Plan Coverage:

a. Continue health care coverage for yourself, spouse or dependents if there is a loss of coverage under the plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review this booklet and the documents governing the plan on the rules governing your COBRA continuation coverage rights.

b. Reduction or elimination of exclusionary periods of coverage for Preexisting Conditions under your group health plan, if you have Creditable Coverage from another plan. You should be provided a certificate of Creditable Coverage, free of charge from your group health plan or health insurance issuer when you lose coverage under the plan, when you become entitled to elect COBRA continuation coverage, when your COBRA continuation coverage ceases, if you request it before losing coverage, or if you request it up to 24 months after losing coverage. Without evidence of Creditable Coverage, you may be subject to a preexisting exclusion for 12

months (18 months for late enrollees) after your enrollment date in your coverage.

Prudent Actions by Plan Fiduciaries:
In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your union or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit under the plan or exercising your rights under ERISA.

Enforce Your Rights:
If your Claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to $110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator.

If you have a Claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in federal court. If it should happen the plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U. S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees if, for example, it finds your Claim is frivolous.

Assistance With Your Questions:
If you have any questions about the plan, you should contact the Plan Administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the Plan Administrator, you should contact the nearest office of the Employee Benefits Security Administration, U. S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U. S. Department of Labor, 200 Constitution Avenue, N. W., Washington, D. C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA):
Group health plans and health insurance issuers, under USERRA, must protect all persons who perform duty, voluntarily or involuntarily, in the "uniformed services", which include the Army, Navy, Marine Corps, Air Force, Coast Guard and Public Health Service commissioned corps, as well as the reserve components of each of these services. If you are a pre-service member returning from a period of service in the uniformed services, you are entitled to reemployment from your Employer if you meet the following criteria:

- you held the job prior to service;
- you gave notice to your Employer that you were leaving your employment for service in the uniformed services, unless giving notice was precluded by military necessity or otherwise impossible or unreasonable;
- your cumulative period of service did not exceed five years;
- you were not released from service under dishonorable or other punitive conditions; and
- you reported back to the job in a timely manner or submitted a timely application for reemployment.

The time limits for returning to work are as follows:

- For less than 31 days of service – by the beginning of the first regularly scheduled work period after the end of the calendar day of duty, plus time required to return home safely and an eight hour

rest period. If this is impossible or unreasonable through no fault of your own, then as soon as possible;

For 31 to 180 days of service – you must apply for reemployment no later than 14 days after completion of military service. If this is impossible or unreasonable through no fault of your own, then as soon as possible;

For 181 days or more of service – you must apply for reemployment no later than 90 days after completion of military service;

For service-connected injury or illness – reporting or application deadlines are extended for up to two years if you are hospitalized or convalescing.

7. Look-back Measurement Method for Eligibility Determinations

Augustana College uses the look-back measurement method to determine who is a full-time employee for purposes of Plan coverage. The look-back measurement method is based on Internal Revenue Service (IRS) guidance under the Affordable Care Act (ACA). Its purpose is to provide greater predictability for Plan coverage determinations.

The look-back measurement method applies to all Company employees. The look-back measurement method involves three different periods:

A **measurement period** for counting your hours of service. Different measurement periods apply to ongoing employees, new employees who are variable hour, seasonal or part-time, and new non-seasonal employees who are expected to work full-time.

If you are an ongoing employee, this measurement period is called the "standard measurement period." Your hours of service during the standard measurement period will determine your Plan eligibility for the stability period that follows the measurement period and any administrative period.

If you are a new employee who is variable hour, seasonal or part-time, this measurement period is called the "initial measurement period." Your hours of service during the initial measurement period will determine your Plan eligibility for the stability period that follows the measurement period and any administrative period.

If you are a new non-seasonal employee who is expected to work full time, the Company will determine your status as a full-time employee who is eligible for Plan coverage based on your hours of service for each calendar month. Once you have been employed for a certain length of time, the measurement rules for ongoing employees will apply to you.

A **stability period** is a period that follows a measurement period. Your hours of service during the measurement period will determine whether you are a full-time employee who is eligible for coverage during the stability period. As a general rule, your status as a full-time employee or a non-full-time employee is "locked in" for the stability period, regardless of how many hours you work during the stability period, as long as you remain an employee of the Company. There are exceptions to this general rule for employees who experience certain changes in employment status.

An **administrative period** is a short period between the measurement period and the stability period when the Company performs administrative tasks, such as determining eligibility for coverage and facilitating Plan enrollment.

Special rules may apply in certain circumstances, such as when employees are rehired by the Company or return from an unpaid leave. The rules for the look-back measurement method are very complex. Keep in mind that this information is just a summary of how the rules work. More complex rules may apply to your situation. The Company intends to follow applicable IRS guidance when administering the look-back measurement method. If you have any questions about this measurement method and how it applies to you, please contact Human Resources.

8. Newborns' and Mothers' Health Protection Act

Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

9. Women's Health and Cancer Rights Act

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

All stages of reconstruction of the breast on which the mastectomy was performed;

Surgery and reconstruction of the other breast to produce a symmetrical appearance;

Prostheses; and

Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. If you would like more information on WHCRA benefits, call your plan administrator.

10. Continuation of Coverage

If your coverage or the coverage of your spouse or dependents terminates because of certain reasons known as qualifying events (such as termination of employment, reduction in hours, divorce, death, or child ceasing to be a dependent under the plan), you, your spouse and your dependents may be entitled to continue health care coverage for a certain period of time under a federal law called COBRA. In addition, if you are absent from employment due to military service, you may be entitled to continuation of coverage or reinstatement in the Plan under a federal law called USERRA. You or your dependents may have to pay for such coverage. More information regarding your COBRA rights is outlined in the Health Care Benefit Program booklet under "Continuation Coverage Rights Under COBRA". You may also contact Human Resources at the Company for more information about your rights under COBRA and/or USERRA.

11. Discretionary Authority of Plan Administrator

The Plan Administrator, any individual or entity acting on behalf of the Plan Administrator, and any other fiduciary with respect to the Plan to the extent that such individual or entity is acting in its fiduciary capacity relating to a matter delegated by the Plan Administrator to the individual or entity, shall have full and sole discretionary authority to interpret all plan documents and to make all interpretive and factual determinations as to whether any individual is entitled to receive any benefit under the terms of this Plan and to determine all questions arising in connection with the administration, interpretation and application of the Plan, including the eligibility and coverage of individuals and the authorization or denial of payment or reimbursement of benefits. Any con-

struction of the terms of any plan document and any determination of fact adopted by the Plan Administrator shall be final and legally binding on all parties.

Any interpretation, determination or other action of the Plan Administrator shall be subject to review only if it is arbitrary or capricious or otherwise an abuse of discretion. Any review of a final decision or action of the Plan Administrator shall be based only on such evidence presented to or considered by the Plan Administrator at the time it made the decision that is the subject of review. Accepting any benefits or making any claim for benefits under this Plan constitutes agreement with and consent to any decisions that the Plan Administrator makes, in its sole discretion, and further, constitutes agreement to the limited standard and scope of review described in this section.

12. HIPAA

The Plan Sponsor shall have access to "protected health information" as defined by the Health Insurance Portability & Accountability Act of 1996 ("PHI") only as permitted under this Plan or as otherwise required or permitted by HIPAA. The Plan (or Plan Administrator) may disclose to the Plan Sponsor information on whether an individual is participating in the Plan, or is enrolled in or has disenrolled from the Plan. The Plan (or Plan Administrator) may disclose Summary Health Information to the Plan Sponsor, provided the Plan Sponsor requests the Summary Health Information for the purpose of modifying, amending, or terminating the Plan. "Summary Health Information" means information summarizing the claims history, claims expenses or type of claims experienced by individuals for whom a plan sponsor had provided health benefits under a health plan; and from which the information described at 45 CFR § 164.514(b)(2)(i) has been deleted, except that the geographic information described in 45 CFR § 164.514(b)(2)(i)(B) need only be aggregated to the level of a five-digit zip code.

The Plan may also disclose PHI to the Plan Sponsor as allowed by HIPAA for plan administration purposes which includes administrative functions performed by the Plan Sponsor on behalf of the Plan, such as quality assurance, claims processing, auditing, and monitoring. Plan administration functions do not include employment-related functions or functions performed by the Plan Sponsor in connection with any other benefit or benefit plan of the Plan Sponsor.

Notwithstanding the provisions of this Plan to the contrary, in no event shall the Plan Sponsor be permitted to use or disclose PHI in a manner that is inconsistent with 45 CFR § 164.504(f).

Prior to disclosing PHI to Plan Sponsor for administrative purposes, Plan Sponsor must agree that with respect to any PHI (other than enrollment/disenrollment information and Summary Health Information, which are not subject to these restrictions) disclosed to it by the Plan, Plan Sponsor shall:

Not use or further disclose the PHI other than as permitted or required by the Plan or as required by law;

Ensure that any agent, including a subcontractor, to whom it provides PHI received from the Plan agrees to the same restrictions and conditions that apply to the Plan Sponsor with respect to PHI;

Not use or disclose the PHI for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Plan Sponsor;

Report to the Plan any use or disclosure of the information that is inconsistent with the uses or disclosures provided for of which it becomes aware;

Make available PHI to comply with HIPAA's right to access in accordance with 45 CFR § 164.524;

Make available PHI for amendment and incorporate any amendments to PHI in accordance with 45 CFR § 164.526;

Make available the information required to provide an accounting of disclosures in accordance with 45 CFR § 164.528;

Make its internal practices, books, and records relating to the use and disclosure of PHI received from the Plan available to the Secretary of Health and Human Services for purposes of determining compliance by the Plan with HIPAA's privacy requirements;

If feasible, return or destroy all PHI received from the Plan that the Plan Sponsor still maintains in any form and retain no copies of such information when no longer needed for the purpose for which disclosure was made, except that, if such return or destruction is not feasible, limit further uses and disclosures to those purposes that make the return or destruction of the information infeasible;

Ensure that the adequate separation between Plan and Plan Sponsor (i.e., the "firewall"), required in 45 CFR § 504(f)(2)(iii), is satisfied;

Implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of any electronic PHI it maintains, receives or transmits; and

Only individuals who have been designated as needing access to PHI to perform plan administration functions will be authorized to have access to such PHI.

Prior to disclosing PHI to Plan Sponsor, Plan shall receive a written certification from the Plan Sponsor that the Plan Sponsor agrees to the conditions of disclosure set forth in this section.
